OWNER REIKI TRADITION

靈氣 傳統

Hi Everyone,

Empowerment Statement for Our Reiki Students

As you continue to walk your Reiki path, may you remember that every step you take no matter how small strengthens the light that already lives within you. Reiki is not something you do; it is something you become. With each breath, each moment of stillness, and each act of compassion, you deepen your connection to Universal Energy and allow it to guide your choices, your healing, and your presence in the world.

Your hands carry wisdom, your heart carries truth, and your lineage carries you. When you honour your practice with sincerity and openness, you not only transform your own life but also contribute to the collective healing of those around you. The world needs grounded, authentic practitioners people who lead with integrity, humility, and courage. That is the path you are choosing every time you show up for your training, your self-practice, and your personal growth.

Know that you are part of a community that values depth, tradition, and genuine connection. Your journey enriches our shared field of energy, and your progress inspires others to step forward with confidence. May this month remind you that you are capable, supported, and continually evolving. Trust your intuition, honour your lineage, and allow your light to shine with purpose and clarity.

Namaste

Martin x

- CHP Full Member
- AET Level 3 in Teaching and Education (the highest standard); this also allows teaching disabled children and adults with special needs
- Accredited Distinction in Regression and Psychoanalysis

PAYMENT PLANS

How we can help

Reiki Tradition School of Reiki

0% Easy Payment Plans

Making Accredited Reiki Training Accessible for Everyone.

At Reiki Tradition School of Reiki, we believe that high-quality, accredited Reiki education should be accessible to all who feel called to this path. To support our students and remove financial barriers, we proudly offer our 0% Easy Payment Plans—a simple, interest-free way to spread the cost of your training without pressure or complication.

Our Easy Payment Plans are designed with real students in mind: flexible, transparent, and aligned with our commitment to fairness and inclusivity. Whether you are beginning your Reiki journey or progressing toward professional practice, these plans ensure you can focus on your learning, your development, and your connection to Reiki—rather than worrying about finances.

By choosing Reiki Tradition, you are not only joining an accredited, lineage-honouring school; you are stepping into a community that genuinely supports your growth. Our payment plans reflect that ethos. They allow you to secure your place with a manageable deposit and pay the remaining balance in a way that suits your circumstances, all while receiving the same high standard of training, guidance, and aftercare that our school is known for.

Empowerment begins with accessibility. If you feel drawn to deepen your practice, develop professionally, or simply reconnect with your own healing journey, our Easy Payment Plans are here to help you take that step with confidence and ease.

HERE'S the 3 options for the 0% APR Easy Payment Plans

Accredited Qualification

This plan is available for any new student requiring the Accredited Reiki Qualification Here's how it works

- A fixed deposit amount is payable at time of booking
- Students then select between 2-12 monthly repayments on the balance outstanding
- Students then need to complete

CORE CURRICULUM

What is it and what does it mean?

Dr Michael Dixon and the Integrated Medicine Alliance meet with the then HRH The Prince of Wales (now King Charles III) at Clarence House

One thing we specialise in at Reiki Tradition School of Reiki is the Core Curriculum. Let's take a look how Integrated Healthcare started.

The Prince's Foundation for Integrated Health was a charity founded by the then Prince Charles in 1993 to promote Complementary and Alternative Medicine (CAM). The Prince lobbied for its inclusion in the National Health Service (NHS).

In 1996 the foundation launched the Integrated Medicine Initiative (IMA) to research and develop CAM treatments.

The foundation closed in 2010, and The Integrated Medicine Alliance (IMA) was started February 2019. King Charles III is the Patron for the IMA.

The IMA is a group of organisations that have been brought together for the purpose of encouraging and optimising the best use of complementary therapies alongside conventional healthcare for the benefit of all.

The idea for this group was conceived by Dr Michael Dixon of the College of Medicine in discussion with colleagues associated with the College. The initial meeting to convene the group was held in February 2019.

COLLEGE OF MEDICINE
AND INTEGRATED HEALTH

Reiki Tradition School of Reiki are full members of the IMA and College of Medicine we also work with the FHT with all aspects of Reiki.

Continued over...

The IMA have a 10 year Manifesto regarding Integrated Healthcare called, 'Hope for the Future'.

The Complementary and Natural Healthcare Council (CNHC) was formed by the UK Government via the IMA to safeguard the general public. The CNHC operate the Accredited Register accountable to parliament for Safeguarding the general public with regards to alternative medicine practitioners.

The CNHC write the Core Curriculum for Reiki. This is something we adhere to at Reiki Tradition School of Reiki for all our Accredited Students.

Reiki Tradition School of Reiki are listed on this Accredited Register and are also listed on the CNHC Website as an Accredited Reiki Training Provider.

It's essential that any Reiki Practitioner requiring to work within Statutory Settings is the norm that all Statutory Settings require and ask for. This comes back to "Safeguarding the General Public", Standing up for Standards.

Below we explain what the Core Curriculum states;

Continued over...

INTEGRATED HEALTHCARE

What this means

More and more Hospitals, Hospices, Care Homes and even Veterinary Surgeries, Animal Shelters and Homes are becoming more aware of the Syllabus Standards for Integrated HealthCare.

Reiki Tradition School of Reiki under the Guidance of the CNHC visit many Hospitals and Hospices speaking regarding the Standards required and awareness when working with Complementary Therapists within Statutory Settings **“Standing up for Standards”**.

I have to emphasise, it's sad and a reality just how many do not know the Standards required. It's almost like a ripple effect as one hospice knows the Standards required then others soon follow.

It's been a difficult few years work, but we are getting there. Soon all Hospitals, Hospices, Care Homes etc will be working to the new Standards.

If you require any materials, posters, handouts etc for your business to explain the CNHC Standards then please let me know. Perhaps you need a inspirational speaker; again please let me know. We are here at Reiki Tradition School of Reiki to work with you.

Reiki Tradition School of Reiki only specialise and work with Reiki, so this is the **only** complementary therapy I can speak about.

Basically Integrated Healthcare require any Reiki Practitioner requiring to work within Statutory Settings to have the following:

BEEN

- Taught to the Core Curriculum

COMPLETED

- 65 hours training
- 175 case studies

REGISTERED

- On the CNHC Accredited Register
- A full member of one of the verification organisations of the CNHC

Reiki Tradition School of Reiki can help and assist any student to become registered with the CNHC.

This is a very difficult task as you just cannot become a member of the CNHC, there is a special route Students need to take, we work with verifying organisations and assist our own students to get this prestigious registration.

Please contact Martin if you require any further information

The Core Curriculum states;

65 HOURS OF CLASSROOM BASED TRAINING

Therefore, this means any on-line course is not relevant

Reiki 1 (1st Degree)	15 hours	}	TOTAL = 65 HOURS TRAINING
Reiki 2 (2nd Degree)	15 hours		
Development Day 1	7 hours		
Development Day 2	7 hours		
Development Day 3	7 hours		
Development Day 4	7 hours		
Workshop Day 1	7 hours		

175 ONE HOUR DOCUMENTED CASE STUDIES

100 x One hour SELF-HEALING or RECEIVED TREATMENTS
THIS MUST INCLUDE;

Reiki 1 (1st Degree)	30	}	TOTAL = 175 DOCUMENTED 1 HOUR TREATMENTS
Reiki 2 (2nd Degree)	70		
4 People receive 10 one hour treatments each	40 hours		
35 Other People receive 1 one hour treatment each NB: 5 OF THESE MUST BE OBSERVED	35 hours		

Reiki Tradition School of Reiki are here to help and assist all our students to become Certified and Verified by the CNHC.

To take advantage of this or for more information please contact Martin.

GIVING BACK

Our volunteer work

Reiki Tradition School of Reiki have many alliances with hospitals, hospices and care homes throughout the UK. Here we are able to volunteer Reiki Treatments to sick and very poorly people.

Our feature hospital this issue is **Rochdale Pennine Acute Medical Ward**

It's always a great day attending the acute medical ward. Meeting all the Doctors, Nurses and Staff.

We were initially asked to attend by Deborah Stott a student of Reiki Tradition School of Reiki who is an active nurse at NHS Oldham Hospital and Hannah lead nurse at NHS Rochdale Pennine Acute Ward.

The day usually starts by taking over an empty ward.

We re-arrange the beds away from the wall taking off the head and bottom boards to allow us access all around.

Symbols are drawn into all corners, beds and crystals. Soft low volume music is played and the ambiance is set.

Empty Ward at NHS Pennine Accute Ward prior to moving beds away from wall

Beds are moved away from wall and head / foot boards removed for easy access.

Here you can also see Sharon drawing Reiki Symbols in corners of the room

GIVING BACK

Our volunteer work

Reiki Tradition School of Reiki have many alliances with hospitals, hospices and care homes throughout the UK. Here we are able to volunteer Reiki Treatments to sick and very poorly people

Our feature hospital this issue is **Kendal Safe Active Birth**

Zoe, Jane and Sharon

Around December 2019 I was contacted by Jane Tomlinson-Wightman from Kendal regarding Jane attending our Accredited Reiki Qualification Course.

On the 18th January 2020 Jane attended her 1st Degree Course at Reiki Tradition, School of Reiki.

It came about after asking students at the introduction that Jane was the lead midwife at the “Safe Active Birth” at the University Hospitals of Morecambe Bay NHS Foundation Trust (UHMBT).

It was also mentioned Safe Active Birth have over 150 midwives working in a area covering, Lancaster, Kendal and as far up as Barrow-in-Furness.

These included:

- **Royal Lancaster Infirmary**
- **South Lakes Birth Centre**
- **Westmorland General Hospital, Kendal**

Jane attended our Reiki 2nd Degree course and became a Reiki Practitioner on 5th June 2021.

Jane approached me during her 1st degree training to ask if I would be interested in being the lead training provider to teach Reiki to a number of Midwives from Safe Active Birth, I replied with a big resounding “YES”.

And so it was arranged. I attend NHS Helme Chase Maternity unit at Westmorland General Hospital, Kendal on 14th July 2022; with a view of giving a talk on Reiki to potential midwives requiring to attend our Accredited Reiki Qualification Course. What a great opportunity to pass on the infinite knowledge of what Reiki can do and assist with mums-to-be, unborn and newly-born babies and the bereavement around babies.

Both myself and 2 students attended with me, Sharon Whitely and Zoe Gregory.

After the talk, we arranged a number of short Reiki treatments for staff and mums-to-be. **What a fantastic demonstration!**

Everyone enjoyed the treatments; especially the unborn babies by showing us how they could follow the energy by pressing their little hands upwards from within mum's belly! An extraordinary and magical moment for mums to see and witness.

In November 2021 we invited eight midwives from Safe Active Birth to attend the Therapy Rooms to start their Accredited Qualification in Reiki; this will then be used as part of complimentary therapies being offered at Safe Active Birth.

Our work with Safe Active Birth is ongoing and we are constantly in touch with a number of midwives.

Jane Tomlinson-Wightman retired from her role as lead midwife early 2024. She is now pursuing her own business in Complementary Therapies; offering a large range of treatments.

To join us or if you require any further information, please do not hesitate to contact Martin who will only be too pleased to offer assistance.

Reiki Tradition continue to work with Safe Active Birth, Helme Chase Midwife-led Unit; based at the Westmorland General Hospital (WGH) in Kendal. A midwife-led unit means there are no doctors present. Reiki Tradition are proud to offer an 'on-call service' should they require our presence.

Women can give birth at Helme Chase 24 hours a day, seven days a week, supported by a midwife.

If pregnant ladies are assessed as having an uncomplicated pregnancy, i.e. unlikely to develop any complications during pregnancy, whilst giving birth, or after baby is born, ladies can choose to give birth at Helme Chase if they want to.

If at any point during the pregnancy and labour there are any concerns, then ladies will be transferred to one of their consultant-led units at either the Royal Lancaster Infirmary or Furness General Hospital.

Reiki Tradition School of Reiki.

We undertake a variety of Further Education Videos throughout the Year

We now produce all our video content entirely in-house. We no longer use any third-party videographers. Developing our skills in filming, audio production, graphics, editing, and rendering has been a significant learning curve – but we are proud to say that we have now mastered the full process.

We invest in state-of-the-art professional editing software suites and have equipped ourselves with advanced 6K high-definition video cameras, along with high-quality microphones. This ensures we can capture exceptionally clear, detailed footage and deliver the highest standard of visual and audio content for our students and community.

We have proudly worked in partnership with the Federation of Holistic Therapists (FHT) since 2015, producing a range of high-quality further-education training videos. These resources support the FHT STEP Programme (Student Training Education Programme) and continue to play an important role in professional development across the sector. We are delighted to continue our collaboration with the FHT in 2026.

Our video content can be viewed on our official YouTube channel using the link below.

Reiki Tradition School of Reiki

Working with Guides

Reiki Tradition School of Reiki – Awareness, Development & Working with Guides

At Reiki Tradition School of Reiki, our teaching is rooted in authenticity, lineage, and a deep respect for the Eastern system of Reiki. As students progress through their journey, two core pillars shape their growth: Awareness and Development.

Awareness is the foundation. It is the stage where students learn to quiet the mind, recognise subtle energy, and become more attuned to the presence of spirit and guidance. This is where sensitivity begins to open, and students start to notice the gentle, intuitive impressions that form the basis of spiritual communication.

Development builds upon this foundation. Here, students refine their awareness, strengthen their connection, and learn to work at a higher vibrational level. Development is where confidence grows – where students learn to trust what they sense, understand the role of their Guides, and integrate this guidance into their Reiki practice with clarity and purpose.

Many students describe this stage as the moment Reiki becomes more than a technique – it becomes a partnership.

At Reiki Tradition, we provide a safe, nurturing environment where every student can explore these skills at their own pace. Awareness, Development, and working with Guides are taught with integrity, clarity, and a deep respect for the spiritual roots of Reiki.

This is the heart of our school:

Working with Guides is a natural progression of this journey. It is not about performance or expectation; it is about listening, sensing, and allowing. Through structured teaching, meditation, and supportive practice, students learn to:

- Understand who Guides are and how they support us
 - Distinguish intuition from thought
 - Build trust in subtle communication
 - Work safely and responsibly with higher-vibrational guidance
 - Integrate guidance into treatments with professionalism and respect
- Authentic Reiki. Professional teaching. Genuine spiritual growth.
